Dear Pastors, WMF officer or member, and other Rhodes Grove Camp Campership Supporters:

It is so great to read of the happenings going on at the camp and conference center—one hundred new campers last year and seventy-eight made life changing decisions (as best we're able to count). Forty-three campers needed campership assistance, and it was available because of those who gave to this fund. I was equally excited to hear about the other forty-eight weeks when groups rent the facilities for camps, conferences, retreats, meetings, get-a-ways, picnics etc. There were six other youth conferences filling the grounds, besides the groups who used the facilities to train leaders and teachers to multiply the ongoing ministry of the Word of God.

When speaking to fellow UB'ers, I am often asked, "Is Rhodes Grove still going? I haven't heard anything for a long time." This is probably due to breakdowns in passing on its announcements in our churches or actively promoting the attendance and support of the camp. Certainly, your help in promoting Rhodes Grove will be deeply appreciated.

The theme for the summer of 2011 is REFUEL!

"I have come that they might have life, and have it to the full" (John 10:10b).

In the filled days and weeks of camp, our young people will be challenged to fill up on the love of Christ and take it out to the world.

Again, there are those who cannot attend camp unless they receive assistance from their family, church, and perhaps a campership.

If you would willingly give to this campership fund send a check payable to "Rhodes Grove Camp Auxiliary" and mark for campership fund and mail to:

If you have any questions, you can call Yvonne at 717-597-3779 or Rhodes Grove Camp at 717-375-4162.

Oh, and it was also exciting to hear that there was a tremendous increase in volunteers at the camp who served in such a variety of ways. Perhaps you would think about doing that. Just phone the camp and find out how you could fit in for a rewarding experience.

May the Lord bless you!
